

Oxana Seroshtan

Technical Rider and Specifications

Oxana Seroshtan is the Guinness World Records Holder in Tight Wire Walking on High Heels.

Stand-Alone Wire Setup

The “stand-alone” wire is independent from any conditions at the venue and is ready without preparing the venue in advance.

Rope Height: ca. 0.5 m to 2 m
Rope Length: ca. 5 m to 8 m
Wire Diameter: 11 mm to 12 mm
Safety Net: not required

This option is recommended if there is no possibility to use a wall or floor hooked setup.

Wall or Floor Hooked Wire Setup

The “hooked” wire can be used in any locations, that provides the possibility to insert iron hooks into walls or into the floor. Recommended for best show experience.

Hook Fracture Limit: 2000 Kilos each side/hook

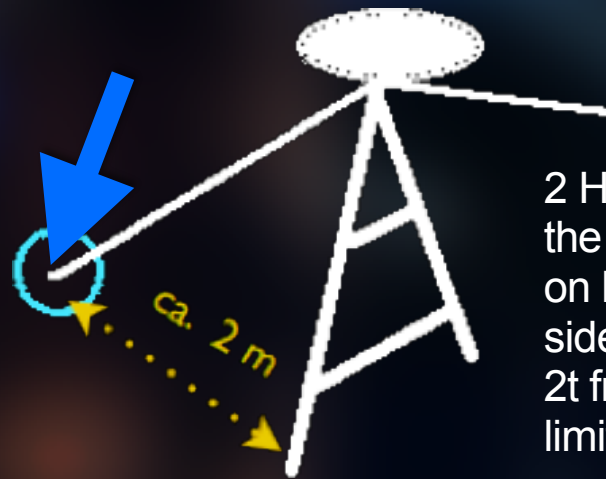

Rope Height: ca. 1.5 m to 2 m

Rope Length: ca. 5 m to 8 m

Wire Diameter: 11 mm to 12 mm

Safety net: not required

Floor-Hooked Setup

2 Hook in the **FLOOR** on both sides with 2t fracture limit each.

Wall-Hooked Setup

2 Hook in the **WALL** on both sides with 2t fracture limit each.

Wire
